And in celebration of the 50th anniversary of *Star Trek*, we're offering the finest and most extensive collection of *The Original Series* costumes we've ever assembled, plus extraordinary offerings from the *Star Trek* feature films and *The Next Generation*.

Following is just a glimpse of what else awaits you within these pages:

“CONDITIONS OF SALE”

CONDITIONS OF SALE - AGREEMENT BETWEEN PROFILES IN HISTORY AND BIDDER

Read This Part First

BY EITHER REGISTERING TO BID OR PLACING A BID, THE BIDDER ACCEPTS THESE CONDITIONS OF SALE AND ENTERS INTO A LEGALLY, BINDING, ENFORCEABLE AGREEMENT WITH PROFILES IN HISTORY.

The following terms and conditions constitute the sole terms and conditions under which Profiles in History (“Profiles”) will offer for sale and sell the property described in the Catalog. These Conditions of Sale constitute a binding agreement between the Bidder and Profiles with respect to the auction. By bidding at auction, whether in person, through an agent or representative, by telephone, facsimile, on-line, absentee bid, or by any other form of bid or by any other means, the Bidder acknowledges the thorough reading and understanding of all of these Conditions of Sale, all descriptions of items in the Catalog, and all matters incorporated herein by reference, and agrees to be fully bound thereby.

NO BID MAY BE PLACED IN ANY MANNER UNLESS THE BIDDER HAS FULLY REVIEWED AND AGREES TO ALL OF THE “CONDITIONS OF SALE” EITHER PRINTED IN THE CATALOG OR ON-LINE, AS WELL AS THE TERMS OF THE REGISTRATION FORM. BY PLACING ANY BID, THE BIDDER REPRESENTS AND WARRANTS TO PROFILES THAT HE OR SHE HAS FULLY REVIEWED AND AGREES TO BE BOUND BY ALL OF THESE “CONDITIONS OF SALE” AND THE TERMS OF THE REGISTRATION FORM. WITHOUT SUCH REPRESENTATION, WARRANTY AND AGREEMENT, PROFILES WOULD NOT PERMIT THE BIDDER TO BID.

Bidder and Profiles agree that any agreements between the Bidder and Profiles including but not limited to these Conditions of Sale are entered into in Los Angeles County, California, which is where the agreements are to be performed and the auction to take place, no matter where Bidder is situated and no matter by what means or where Bidder was informed of the auction and regardless of whether catalogs, materials, or other communications were received by Bidder in another location. Both Profiles and the Bidder agree that any disputes under these Conditions of Sale, the subject matter hereof, the entering into, or any aspect of the auction, shall be exclusively governed by California law, and that any and all claims or actions shall be brought and maintained only in Los Angeles County, California in a State or Federal Court to the exclusion of any other venue, locale or jurisdiction. All parties submit to such jurisdiction. Both Bidder and Profiles agree that these provisions are intended to be binding on all parties and that they shall solely control choice-of-law, venue and jurisdiction in the event of any dispute specifically including third party claims and cross-actions brought by either Profiles or Bidder, and that absent such agreement, Profiles would not permit Bidder to bid hereunder. Any violation of the terms of this Paragraph shall entitle the affected party to reasonable attorney fees and litigation costs in addition to all other available remedies, all of which remain reserved. The parties agree that Profiles shall be entitled to present these Conditions of Sale to a court in any jurisdiction other than set forth in this paragraph as conclusive evidence of the parties’ agreement, and the parties further agree that the court shall immediately dismiss any action filed in such jurisdiction. Notwithstanding any other provision herein, the prevailing party in any claim, dispute or litigation between the parties shall be entitled to an award of reasonable attorney fees and costs of litigation.

Unless otherwise set forth in the Catalog, all property will be offered by Profiles solely as agent for the seller or consignor of the property (“Consignor”) and not on its own behalf.

Profiles is in compliance, to the fullest extent possible, with California procedures regarding the bonding of auctioneers.

1. Final Bid Price, Purchase Price and Payment. The term, “Final Bid Price” means the amount of the highest bid acknowledged and acceptable to Profiles. The term, “Purchase Price” means the sum of (1) the Final Bid Price; (2) a premium payable by the successful Bidder (also referred to throughout these Conditions of Sale as “Buyer”) equal to twenty four percent (24%) of the Final Bid Price [discounted to twenty percent (20%) of the Final Bid Price if paid in full in cash or by valid check]; or twenty eight percent (28%) if bid on and won through the internet; (3) applicable taxes (including California and local sales tax and/or compensating use tax based upon the purchase price unless exempted by law and/or where Buyer presents an original, valid resale certificate with a copy for Profiles’ records from the California State Board of Equalization); (4) shipping, handling and insurance coverage if requested by Buyer and agreed upon by Profiles. Profiles may accept current and valid VISA, MasterCard, Discover and American Express credit or debit cards for payment but under the express condition that any property purchased by credit or debit card shall not be refundable, returnable, or exchangeable, and that no credit to Buyer’s credit or debit card account will be issued under any circumstances. The last sentence constitutes Profiles’ “official policy” regarding returns, refunds, and exchanges where credit or debit cards are used. For payment other than by cash, delivery will not be made unless and until full payment has been actually received by Profiles, i.e., check has fully cleared or credit or debit card funds fully obtained.

Profiles has been authorized by the seller or consignor to retain, as partial remuneration, the premium set forth as number (2) in this paragraph. Unless otherwise agreed in a writing signed by Profiles, payment in full is due within seven calendar days of the auction or within five calendar days of the invoice date, whichever is later. PROFILES SHALL HAVE THE RIGHT, AND THE SUCCESSFUL BIDDER HEREBY UNCONDITIONALLY AND IRREVOCABLY PRE-AUTHORIZES PROFILES, TO CHARGE FROM AND COLLECT ALL AMOUNTS OWED FROM ALL CREDIT AND/OR DEBIT ACCOUNTS IDENTIFIED TO PROFILES BY THE SUCCESSFUL BIDDER PRIOR TO BIDDING IN THE EVENT THAT THE SUCCESSFUL BIDDER DOES NOT MAKE TIMELY PAYMENT UNDER THESE CONDITIONS OF SALE. IN SUCH EVENT, THE SUCCESSFUL BIDDER AUTHORIZES PROFILES TO COLLECT ALL AMOUNTS OWED FROM ANY OF SAID ACCOUNTS, AND THE SUCCESSFUL BIDDER SHALL NOT CONTEST ANY SUCH CREDIT OR DEBIT ACCOUNT CHARGE ON THE GROUND THAT PROFILES WAS NOT SO AUTHORIZED.

2. Title. On the fall of the auctioneer’s hammer, title to the offered lot will pass to the highest bidder acknowledged by the auctioneer but fully subject to Buyer’s compliance with all of the terms of the Conditions of Sale and the Registration Form.

3. Rights Reserved. Profiles reserves the right to withdraw any lot before or at the time of the auction, and/or to postpone the auction of all or any lots or parts thereof, for any reason. Profiles shall not be liable to any Bidder in the event of such withdrawal or postponement under any circumstances. Profiles reserves the right to refuse to accept bids from anyone.

4. Auctioneer’s Discretion. Profiles shall determine opening bids and bidding increments. The auctioneer has the right in its absolute discretion to reject any bid in the event of dispute between bidders or if the auctioneer has doubt as to the validity of any bid, to advance the bidding at its absolute discretion and to determine the successful bidder in the event of a dispute between bidders, to continue the bidding or to reoffer and resell the lot in question. In the

event of a dispute after the sale, Profiles’ record of final sale shall be conclusive. The auctioneer also may reject any bid and withdraw the lot from sale if the auctioneer decides either that any opening bid is below the reserve (see paragraph 5 below) of the lot or article or that an advance is insufficient. Unless otherwise announced by the auctioneer at the time of sale, no lots may be divided for the purpose of sale.

5. Reserves. Lots may be subject to a reserve which is the confidential minimum price below which the lot will not be sold. Although the auctioneer may open the bidding on any lot below the reserve by placing a bid on behalf of the seller, Profiles reserves the right to protect the reserve by bidding through the auctioneer and continuing to bid on behalf of the seller up to the reserve amount either through consecutive bids or by placing bids in response to other bidders. Consignors may not bid on their own lots or property. If the consignor is indebted to or has a monetary guarantee from Profiles in certain circumstances, Profiles may have an interest in an offered lot and the proceeds therefrom apart from Profiles’ commissions, and Profiles may bid thereon to protect such interest. In such instance, Profiles is entitled to its standard commission rate when a lot is “bought-in” to protect its interest.

6. Risk and Responsibility; Agency. The buyer shall, once deemed the highest bidder on the fall of the auctioneer’s hammer, bear all risk and responsibility for the lot, and neither Profiles, its agents nor employees, shall thereafter be liable for any loss or damage to the property. The buyer will also be required to sign a confirmation of purchase at such time if requested by the auctioneer. All bidders are deemed to be acting as principals unless Profiles acknowledges in writing prior to the auction that the bidder is acting as agent for another party. In the absence of such written acknowledgment, the bidder guarantees payment of the Purchase Price of a successful bid.

7. Possession and Removal; Charges. No portion of any lot may be removed from the premises or possession transferred to Buyer unless Buyer has fully complied with these Conditions of Sale and the terms of the Registration Form, and unless and until Profiles has received the Purchase Price funds in full. Notwithstanding the above, all property must be removed from the premises by Buyer at his or her sole expense not later than seven (7) calendar days from the invoice date. If all or any property has not been so removed within that time, in addition to any other remedies available to Profiles all of which are reserved, a handling charge of one percent (1%) of the Purchase Price per month will be assessed and payable to Profiles by Buyer, with a minimum of five percent (5%) assessed and payable to Profiles by Buyer for any property not removed within sixty (60) days. Profiles shall additionally have the option, in its sole discretion, of transferring any of such property to a public warehouse at the full risk and expense of Buyer. Profiles, in addition, reserves the right to impose a late charge of fifteen percent (15%) per year on the Purchase Price if Buyer does not make full payment in accordance herewith. Profiles and Buyer acknowledge and agree that these charges are reasonably imposed to partially compensate Profiles for losses and expenses associated with any such delays.

8. Off-Site Bidding. Bidding by telephone, facsimile-transmission (fax-in), on-line, or absentee bidding (advance written bids submitted by mail) are offered solely as a convenience and permitted subject to advance arrangements, availability, and Profiles’ approval which shall be exercised at Profiles’ sole discretion. Neither Profiles nor its agents or employees shall be held liable for the failure to execute bids or for errors relating to any transmission or execution thereof. In order to be considered for off-site bidding in any manner, Bidders must comply with all of these Conditions of Sale and the terms contained on the Registration Form.

9. Profiles’ Remedies. Failure of the Bidder/Buyer to comply with any of these Conditions of Sale or the terms of the Registration Form, is an event of default. In such event, Profiles may, in addition to any other available

remedies specifically including the right to hold the defaulting Bidder/Buyer liable for the Purchase Price or to charge and collect from the defaulting Bidder/Buyer's credit or debit accounts as provided for elsewhere herein: (a) cancel the sale, retaining any payment made by the Buyer as damages (the Bidder/Buyer understands and acknowledges that Profiles will be substantially damaged should such default occur, and that damages under sub-part (a) are necessary to compensate Profiles for such damages); (b) resell the property without reserve at public auction or privately; (c) charge the Bidder/Buyer interest on the Purchase Price at the rate of one and one-half per cent (1.5%) per month or the highest allowable interest rate; (d) take any other action that Profiles, in its sole discretion, deems necessary or appropriate to preserve and protect Profiles' rights and remedies. Should Profiles resell the property, the original defaulting buyer shall be liable for the payment of any deficiency in the purchase price and all costs and expenses associated therewith, including but not limited to warehousing, sales-related expenses, reasonable attorney fees and court costs, commissions, incidental damages and any other charges due hereunder which were not collected or collectable.

In the event that such buyer is the successful bidder on more than one lot and pays less than the purchase price for the total lots purchased, Profiles shall apply the payment received to such lot or lots that Profiles, in its sole discretion, deems appropriate. If Profiles does not exercise such discretion, the lots to which the payment shall be applied will be in descending order from the highest purchase price to the lowest.

Any buyer failing to comply with these Conditions of Sale shall be deemed to have granted Profiles a security interest in, and Profiles may retain as collateral such security for such buyer's obligations to Profiles, any property in Profiles' possession owned by such buyer. Profiles shall have the benefit of all rights of a secured party under the Uniform Commercial Code (U.C.C.) as adopted by the state of California.

10. Warranties. Profiles does not provide any warranties to Bidders or Buyers, whether express or implied, beyond those expressly provided for in these Conditions of Sale. All property and lots are sold "as is" and "where is." By way of illustration rather than limitation, neither Profiles nor the consignor makes any representation or warranty, expressed or implied, as to merchantability or fitness for intended use, condition of the property (including any condition report), correctness of description, origin, measurement, quality, rarity, importance, exhibition, relevance, attribution, source, provenance, date, authorship, condition, culture, genuineness, value, or period of the property.

Additionally, neither Profiles nor the consignor makes any representation or warranty, express or implied, as to whether the Buyer acquires rights in copyright or other intellectual property (including exhibition or reproduction rights) or whether the property is subject to any limitations such as 'droit morale' (moral rights) or other rights affecting works of art. Bidder/Buyer acknowledges and agrees that if the property embodies any copyright, trademark, or other intellectual property, by the purchase of such property, Buyer/Bidder is not acquiring any interest in any copyright, trademark or other intellectual property that may be embodied or reflected in such property, but is acquiring only such physical embodiment and/or reflection. Profiles does not make any representation or warranty as to title. All descriptions, photographs, illustrations, and terminology including but not limited to words describing condition (including any condition reports requested by Bidder), authorship, period, culture, source, origin, measurement, quality, rarity, provenance, importance, exhibition, and relevance, used in the catalog, bill of sale, invoice, or anywhere else, represent a good faith effort made by Profiles to fairly represent the lots and property offered for sale as to origin, date, condition, and other information contained therein; they are statements of opinion only. They are not representations or warranties and Bidder agrees and acknowledges that he or she shall not rely on them in determining whether or not to bid or for what price. Price estimates (which are determined

well in advance of the auction and are therefore subject to revision) and condition reports are provided solely as a convenience to Bidders and are not intended nor shall they be relied on by Bidders as statements, representations or warranties of actual value or predictions of final bid prices. Bidders are accorded the opportunity to inspect the lots and to otherwise satisfy themselves as to the nature and sufficiency of each lot prior to bidding, and Profiles urges Bidders to avail themselves accordingly. Lots and property are not returnable to Profiles for any reason except under Buyer's limited Remedies set forth in Section 13 below and under the express terms and conditions of Section 13.

11. Limitation of Damages. In the event that Profiles is prevented for any reason from delivering any property to Buyer or Buyer is otherwise dissatisfied with the performance of Profiles, the liability, if any, of Profiles, shall be limited to, and shall not exceed, the amount actually paid for the property by Buyer. In no event shall Profiles be liable for incidental, special, indirect, exemplary or consequential damages of any kind, including but not limited to loss of profits, value of investment or opportunity cost.

12. Unauthorized Statements. Under no circumstances is any employee, agent or representative of Profiles authorized by Profiles to modify, amend, waive or contradict any of these Terms and Conditions, any term or condition set forth on the Registration Form, any warranty or limitation or exclusion of warranty, any term or condition in either the Registration Form or these Terms and Conditions regarding payment requirements, including but not limited to due date, manner of payment, and what constitutes payment in full, or any other term or condition contained in any documents issued by Profiles unless such modification, amendment, waiver or contradiction is contained in a writing signed by all parties. Any statements, oral or written, made by employees, agents or representatives of Profiles to Bidder, including statements regarding specific lots, even if such employee, agent or representative represents that such statement is authorized, unless reduced to a writing signed by all parties, are statements of personal opinion only and are not binding on Profiles, and under no circumstances shall be relied on by Bidder as a statement, representation or warranty of Profiles.

13. Buyer's Remedies. This section sets forth the sole and exclusive remedies of Buyer in conformity with Sections 10 ("Warranties") and 11 ("Limitation of Damages") herein, and is expressly in lieu of any other rights or remedies which might be available to Buyer by law. The Buyer hereby accepts the benefit of the consignor's warranty of title and any other representations and warranties made by the consignor for the Buyer's benefit. In the event that Buyer proves in writing to Profiles' satisfaction that there was a breach of the consignor's warranty of title concerning a lot purchased by Buyer, Profiles shall make demand upon the consignor to pay to Buyer the Purchase Price (including any premiums, taxes, or other amounts paid or due to Profiles). Should the consignor not pay the Purchase Price to Buyer within thirty days after such demand, Profiles shall disclose the identity of the consignor to Buyer and assign to Buyer all of Profiles' rights against the consignor with respect to such lot or property. Upon such disclosure and assignment, all responsibility and liability, if any, of Profiles with respect to said lot or property shall automatically terminate. Profiles shall be entitled to retain the premiums and other amounts paid to Profiles - this remedy is as to the consignor only. The rights and remedies provided herein are for the original Buyer only and they may not be assigned or relied upon by any transferee or assignee under any circumstances. Lots containing ten or more items are not returnable under any circumstances. The exercise of rights under this Section 13 must be made, if at all, within thirty (30) days of the date of sale.

14. Profiles' Additional Services. For Buyers who do not remove purchased property from Profiles' premises, Profiles, in its sole discretion and solely as a service and accommodation to Buyers, may arrange to have purchased lots packed, insured and forwarded at the sole request, expense, and risk of Buyer. Profiles assumes no and

disclaims all responsibility and liability for acts or omissions in such packing or shipping by Profiles or other packers and carriers, whether or not recommended by Profiles. Profiles assumes no and disclaims all responsibility and liability for damage to frames, glass or other breakable items. Where Profiles arranges and bills for such services via invoice or credit card, Profiles will include an administration charge.

15. Headings. Headings are for convenience only and shall not be used to interpret the substantive sections to which they refer.

16. Entire Agreement. These Conditions of Sale constitute the entire agreement between the parties together with the terms and conditions contained in the Registration Form. They may not be amended, modified or superseded except in a signed writing executed by all parties. No oral or written statement by anyone employed by Profiles or acting as agent or representative of Profiles may amend, modify, waive or supersede the terms herein unless such amendment, waiver or modification is contained in a writing signed by all parties. If any part of these Conditions of Sale are for any reason deemed invalid or enforceable, the remaining portions shall remain fully enforceable without regard to the invalid or unenforceable provisions.

AUCTION GENERAL GUIDELINES

Conditions of Sale

Before you bid, you must read the Conditions of Sale, immediately preceding these pages. They represent a contract between Profiles and you, and they contain important terms and conditions such as jurisdiction, payment terms, warranties and remedies. The Conditions of Sale are controlling over these general guidelines in the event of any conflicts between their respective terms.

Estimate Prices

In addition to descriptive information, each entry in the catalog includes a price range which reflects opinion as to the price expected at auction. These are based upon various factors including prices recently paid at auction for comparable property, condition, rarity, quality, history, provenance. Estimates are prepared well in advance of the sale and subject to revision. Estimates do not include the buyer's premium or sales tax (see under separate heading). See Paragraph 10 of the Conditions of Sale for important restrictions as to reliance on estimated prices.

Reserves

The reserve is the minimum price the seller is willing to accept and below which a lot will not be sold. This amount is confidential and will not exceed the low pre-sale estimate.

Owned or Guaranteed Property

Profiles in History generally offers property consigned by others for sale at public auction; occasionally, lots are offered that are the property of Profiles in History.

Buyer's Premium and Sales Tax

The actual purchase price will be the sum of the final bid price plus the buyer's premium of twenty four percent (24%) of the hammer price (discounted to 20% when full payment is made in cash or by valid check); or twenty eight percent (28%) if bid on and won through the internet. California sales tax shall automatically be added to the purchase price unless exempted.

Before the Auction

You may attend pre-sale viewing for all of our auctions at no charge. All property to be auctioned is usually on view for several days prior to the sale. You are encouraged to examine lots thoroughly. You may also request condition reports (see below). Profiles in History's staff are available at viewings and by appointment.

Hours of Business

Profiles in History is open from 8 a.m. to 5 p.m. on weekdays. The viewing schedule for the auction is published in the front of the auction catalog.

Condition Reports

If you wish to obtain additional information on a particular lot, or cannot appear at the viewing, Profiles in History may provide, upon request, a condition report. We remind prospective buyers that descriptions of property are not warranted and that each lot is sold "as is" in accordance with the terms of the limited warranty. Condition reports, as other descriptions of property, are not warranted; they are only provided as a service to interested clients. Neither Profiles in History nor the consignor make any express or implied representation or warranty concerning the condition of any lot offered for sale; any information furnished does not modify or negate the limited warranty contained in the Conditions of Sale. See Paragraph 10 of the Conditions of Sale for important restrictions as to reliance on condition reports.

Registration

If you are planning to bid at auction, you will need to register with us. Please arrive 30 or 45 minutes before the sale to complete bidder registration and to receive a numbered paddle to identify you if you are the successful bidder. If you are a new client, or if you have not made a recent purchase at Profiles in History, you may be asked to supply bank and/or other credit references when you register. To avoid any delay in the release of your purchases, we suggest that you pre-arrange check or credit approval. If so, please contact Profiles in History at (310) 859-7701 or by fax at (310) 859-3842.

You must acknowledge having read your agreement with all of the Conditions of Sale prior to your registration and prior to your bidding on any lot.

The Auction

All auctions are open to registered bidders only. You must register to bid or otherwise participate.

Bidding

Property is auctioned in consecutive numerical order, as it appears in the catalog. The auctioneer will accept bids from those present in the salesroom or absentee bidders participating by telephone, internet or by written bid left with Profiles in History in advance of the auction. The auctioneer may also execute bids on behalf of the consignor to protect the reserve, either by entering bids in response to salesroom, telephone, internet or absentee bids. Under no circumstances will the auctioneer place any bid on behalf of the consignor at or above the reserve. The auctioneer will not specifically identify bids placed on behalf of the consignor to protect the reserve.

Bidding Increments

See registration page.

Absentee Bids

If you cannot attend an auction, it is possible to bid by other means. The most common is the absentee bid, sometimes called an "order bid." Absentee bids are written instructions from you directing Profiles in History to bid for you on one or more lots up to a maximum amount you specify for each lot. Profiles in History staff will execute your absentee bid as reasonably as possible, taking into account the reserve price and other bids. There is no charge for this service. If identical bids are submitted by two or more parties, the first bid received by Profiles in History will take preference. The auctioneer may execute bids for absentee bidders directly from the podium, clearly identifying these as order bids. Absentee Bid Forms are available in the back of every auction catalog and also may be obtained at any Profiles in History location. See Conditions of Sale and Registration Form for absentee bid details.

Telephone Bids

It is also possible to bid by telephone if you cannot attend an auction. Arrangements should be confirmed at least one day in advance of the sale with Profiles in History at (310) 859-7701. Profiles in History staff will execute telephone bids from designated areas in the salesroom. See

Conditions of Sale and Registration Form for telephone bid details.

Internet Bids

Profiles in History is pleased to offer live Internet bidding at www.profilesinhistory.com. To ensure proper registration, those Bidders intending to bid via the Internet must visit this site and register accordingly at least one full day prior to the actual auction. Please be aware that there is a minimum 3-second delay in the audio and visual feeds, which may confuse some bidders. If you have questions about this feature, please call Profiles in History well in advance of the auction. Winning bidders will be notified by Profiles in History. Profiles in History is not and cannot be responsible or liable for any problems, delays, or any other issues or problems resulting out of use of the Internet generally or specifically, including but not limited to transmission, execution or processing of bids.

PLEASE NOTE: On some occasions beyond the control of Profiles in History, the Internet bid software or the Internet itself may not physically keep up with the pace of the auction. In order to help avoid disappointment, Profiles in History recommends placing a realistic absentee bid now. Occasionally the auctioneer may eliminate or reject an internet live bid, and the auctioneer may also reopen a lot after the close of the internet live bidding (typically but not always because a floor bid or a telephone bid was missed), and your bid may be rejected even if you were shown to be the winning bidder. By bidding via the internet, you acknowledge and agree that Profiles in History may award the lot to another bidder at its sole and final discretion under the circumstances described above or under any other reasonable circumstances. Since the internet bids are not shown to Profiles in History until Profiles in History opens the lot on the floor, Profiles in History treats those bids the same as floor or telephone bids. In most cases, however, the floor and/or telephone responds before the internet bid is presented, due to live Internet bid software or Internet lag time, so for consistency it is Profiles in History's policy that floor bids and telephone bids are always considered first over internet bids with floor bids being considered before telephone bids. Also please note that all Profiles in History lots purchased through the internet carry a 28% Buyer's Premium. Profiles in History strongly urges the bidder to resolve any questions about these policies or their implementation PRIOR TO BIDDING.

Successful Bids

The fall of the auctioneer's hammer indicates the final bid. Profiles in History will record the paddle number of the buyer. If your salesroom or absentee bid is successful, you will be notified after the sale by mailed or emailed invoice.

Unsold Lots

If a lot does not reach the reserve, it is bought-in. In other words, it remains unsold and is returned to the consignor.

AFTER THE AUCTION

Payment

You are expected to pay for your purchases in full within seven calendar days of the sale or five calendar days from the invoice date, whichever is later, and to remove the property you have bought by that date.

Shipping

After payment has been made in full, Profiles in History may, as a service to buyers, arrange to have property packed, insured and shipped at your request and expense. For shipping information, please contact Profiles in History at (310) 859-7701. In circumstances in which Profiles in History arranges and bills for such services via invoice or credit card, we will also include an administration charge. Packages shipped internationally will have full value declared on shipping form. Please remember that the buyer is responsible for all shipping charges from Profiles in History's offices in California to the buyer's door. Many of the items in this auction are of unusual size and/or

weight; they will require special handling and will incur an additional shipping premium as charged by the carrier.

After approximately 45 business days following completion of the sale, pending payment by the purchaser, you will be sent payment for your sold property and a settlement statement itemizing the selling commission and other damages.

Sales Results

Interested clients may obtain sale results for specific lots at least three business days after the auction by calling Profiles in History at (310) 859-7701.

PLEASE NOTE THAT ALL ITEMS IN THIS CATALOG ARE SOLD IN "AS IS" CONDITION. NO RETURNS.

WE STRONGLY ENCOURAGE YOU TO EITHER PREVIEW THE ITEMS BEFORE BIDDING, OR CALL FOR A MORE SPECIFIC CONDITION REPORT ON ITEMS OF INTEREST.

IMPORTANT NOTE TO PROSPECTIVE BIDDERS AND DISCLAIMER:

Please note that all items in this catalog are sold in “as is” condition. We do our best to properly describe all materials herein, but normal wear and tear is common due to the fragile nature of the items including their age and use in film and TV productions. We are not responsible for a zipper not working, a piece missing from a prop, etc. Tears or alterations to the fabric or original design of a costume, or broken/missing pieces to a prop are to be expected. While many of the props, costumes and other memorabilia are currently displayable in their present condition, these items may require restoration to be returned to their pre-production/screen-used state. Many of the items featured have been modified and altered for subsequent productions and may differ from the original production usage.

The term “working prop” denotes that the prop was originally made to do something unlike a static prop. This does not mean that the prop works today, although in many circumstances it may be possible to have the prop restored to its original configuration.

CATALOG IMAGES:

Catalog images representing group lots (defined as any lot containing more than one item) may show replicated photographs to illustrate count are sold “as is” and are not subject to return. Not all the items in a group lot are shown and some images in the catalog are cropped for illustration purposes. We strongly encourage you to view the items before bidding or calling for a more specific condition report.

PHOTOGRAPHS, ILLUSTRATIONS AND SCREEN SHOTS:

Unless otherwise explicitly set forth in the catalog description for an individual item, all photographs, illustrations, and screen shots are furnished solely for reference purposes and not as a statement, representation or warranty that the image depicted is the exact item offered. Due to the fact that multiple props, costumes, and other items are customarily made for and used on or off screen in a motion picture or other program, Profiles cannot and does not represent or warrant that the specific item depicted in the photograph, illustration or screen shot is the very same item offered at auction.

SHIPPING:

Please remember that the buyer is responsible for ALL shipping charges. Many of the items in this auction are of unusual size and/or weight; they will require special handling and will incur an additional shipping premium as charged by the carrier. Please see Terms & Conditions of Sale.

The Eric Caidin Estate

The following (17) lots come from the estate of Eric Caidin, a beloved fixture in the world of Hollywood collectibles from the 1970s to his untimely death in 2015. An affable, warm, and ever-present character who stocked hundreds of thousands of movie-related items in his legendary shop, "Hollywood Book and Poster". On any given day you'd find the likes of Quentin Tarantino, J.J. Abrams and other filmmaking royalty rifling through Eric's massive collection of stills, posters, and books. Eric also vended at dozens of genre conventions (he loved all movies, with a particular affinity for Horror, Sci-Fi and Fantasy) across the country peddling his brand of mainstream and obscure movie memorabilia to grateful fans who always found his booth and company to be a highlight of any show. The following lots are comprised of Eric's entire store stock. We have done our best to honor Eric's life's work by creating modules that represent his store's contents, but they are too massive to begin to describe every item and treasure contained within. There are dozens of file cabinets loaded with folder upon folder of vintage and contemporary photographs, countless rolled movie posters, and endless shelves of original and copy scripts on offer.

 Exceedingly rare original studio bound and bradded 231-page production script with pink scene-sequence pages and revision pages dated 01/27/38 - 02/03/38. Written by Sidney Howard and dated November 27, 1937 on the typed cover. Stamped script No. 6293 on the interior studio circulation certificate page of the Selznick script department. Signed out on the upper cover, to Lee Zavitz, an uncredited pyrotechnics effects person. The script has been sporadically hand annotated throughout in pencil with most notes pertaining to sets and physical construction. Sidney Howard began working on the treatment and subsequently turns in the first "kitchen sink" 250-page draft of his script in 1936. As expected, he's asked to trim pages. Howard and then director George Cukor began collaborating on the project in 1937, completing their draft in August of that year. Producer David O. Selznick deemed the draft not theatrical enough, but thought it, "in good shape". This is a copy of the subsequent draft, which Howard turned in to Atlanta historian Wilbur Kurtz, who Margaret Mitchell had recommended as a technical advisor. Howard left the production shortly thereafter, not to return until April of 1939 (and after no less than 10 intervening writers had touched his draft) making him the first and last writer on the picture. Covers are detached but present and exhibit some edge chipping and age. Page 231 of contents is loose and tattered on the edges only obscuring minor bits of text. Scarlett's infamous "Tomorrow is another day..." closing speech remains intact and unaffected by the edge wear. All other content is in vintage very good condition. **\$3,000 - \$5,000**

Bettie Page/Irving Klaw/Movie Star News

The following (101) lots highlight legendary “Pin-up Queen of the Universe” Bettie Page’s career. Within these lots we feature photos and negatives (all the negatives offered with full copyright) by the photographer who put Page on the cheesecake/fetish pop-culture map, Irving Klaw. Native New Yorker, Irving and his sister Paula Klaw started with a small bookshop in the city and when Irving noticed teenagers were tearing pages from movie magazines. Klaw ultimately created Movie Star News and developed a catalog of mail order pin-up photography that skewed toward fetish images once he recognized that there was a particular market for “women in peril”. It was in this era of saucy subject matter and the climate of growing censorship that Bettie Page emerged at the top of her field. The mythology surrounding Page, Klaw and the Senate Subcommittee on Juvenile Delinquency is well documented. That Irving Klaw destroyed an estimated 80% of his stock of original pin-up negatives is equally well known, making the negatives on offer here extremely rare. You will also find, images by other photographers and of other subjects, Page ephemera including her signed model release form and personal letters to Paula Klaw, Page’s custom made iconic black patent leather pumps, and artwork inspired by her instantly recognizable face and form. This is an unprecedented opportunity to own the intellectual property of some of the most famous pin-up images of the 20th Century.

Feb. 16, 1995

Dear Paula,

I hope that all is well with you. Bob Schultz and James Swanson told me that they had a nice visit with you several months ago. I like the photo that James brought of all of us standing behind the bar. I signed one for you, and you should be receiving it soon.

As Bob and James may have already told you, I have finally decided to do a book about my life. It will include everything from baby pictures to family photos to pictures from the modeling days. Of course I will remember you and Irving in the book. I have many fond memories of both of you.

-2-

Will you help me by letting Bob, James and Karen Essex (she's helping with the book) do a video interview of you for me? I would enjoy seeing that, and it will be very helpful. Bob tells me that you've still got a trunk of the old clothes and accessories, and even that stool I'd pose on! I hope that you will show these things and talk about them in the interview. That would be wonderful.

The book should come out this fall, and it will be a pleasure to send you and Ira autographed copies. I know I won't be going to New York, but if you ever come to California I would love to see you again.

Love,
Bettie

the 4th German Lutheran Hall and became
a very good member after I left school I went

years I had my ambition was to be a fireman

going time I would see Eugene P. 25 would
go to a fire I was trained I would run
but and go to Eugene House and to
the one to lose the door of the fire dept

I remember Jimmie Chambers for one
made good tips there but we Bell hop
had to sleep in the cell of Boken

Well living on 5 Street the gang of
Boys what I was running around
with when every time there was a party
they always wanted me to be their as
I always was better and funny I
could dance and sing and they all way
would say Turpin was the life of
the party. Well my father said to me

and make something for yourself He
bought me a ticket to Chicago the Sunday
I left I met some of going I used
to hang out with and I had Gay boys.
I am going west to seek my fortune

sitting in chair car and a lady sat

But no answer came But all of a
sudden I was told to take a trip to
San Francisco by manager of Essanay

from Los Angeles to meet a man by
name of Mr Stout from Keystone to call
him up at San Francisco But I never
talk to him it was a good thing
I did not go later on I found

47 but he was up in Mark Summatt
and he was looking to get me under
contract after seeing his new job
and his right way if he had offered
me 75000 per week that time I would
have signed for life after a few
days the mgs came to me and said
say Ben well are going to give you a
company of your own staying you
as the principal comedian how I did not
know all this time Mark Summatt was

394. BEN TURPIN'S HANDWRITTEN (UNPUBLISHED) AUTOBIOGRAPHY WITH OTHER CORRESPONDENCE. Historical archive of comedy legend Ben Turpin's personal biographical information and business correspondence. A highlight of the collection is a 56-page autobiography by Ben Turpin handwritten in pencil. Known as an intensely private man, Turpin begins "My Life Story", in part: "I was born in New Orleans La Year 1869 - I left there when I was 2 years old - My parents were French. My Father's name was Ernest Turpin. He was in the Confectionery Business and my Grand Father was an auctioneer. My right name is Bernard Turpin But I took the name of Ben Turpin." After detailing his boyhood, Turpin describes his many travels, odd-jobs, and his first taste of the actor's life. Of his break into the movies Turpin describes: "...One day, I was standing on the corner of Randolph and Clark (Chicago), and a man came up to me, and said, 'Young man, would you like to work in moving pictures?' This was in the year of 1908, in the Spring. Now, I didn't know what he was talking about, when he said, 'Work in pictures'. I said, 'What do you pay?' '\$20.00 a week.' I says, 'How long will you keep me?' He says, 'As long as you make good.' That gentleman's name is, Mr. B. M. Anderson. He said, 'I'm a part owner of the Essanay Film Company.' So he brought me over to his office, so I laid around two or three weeks, and did not do anything, but I got my \$20.00 every week. I thought that was the softest job I ever had. Then we started a picture...I was supposed to be a comedian, property man, worked in the office, and when the weather was bad, those days, we did not have to work, then I had to clean up the offices for Mr. Spoor and Mr. Anderson. Well, we made three or four pictures..." He quit, but soon begged to come back to work. It was then that Turpin finally met Charlie Chaplin (he also mentions his famous fall, the "180"): "Well, a director by the name of Mason E. Hooper talked to me, and we organized a police department with funny makeups, like the Keystone Kops, and we had a lot of drill work to do plenty of bumps. Mr. Hooper saw me do a fall, with only a bathing suit on, on the cement walk, in front of the studio, and he named this fall a hundred and eighty, known by everybody in the picture game, and I'm the originator of that fall, and it was a very dangerous stunt to do. Well, I got back to the salary of \$20.00 a week again. Along came Charlie Chaplin. I did not know him, but I'd seen him in lots of pictures. I was sitting on the extra bench and he told me to put on a makeup and come on the set...I got busy and put on the makeup. I cut a mustache from an old wig, which I'm wearing the same mustache today. It has been my trademark for many years. Well, sir, Charlie took a look at me, and started laughing. I didn't know what to say. I really thought he was making a damn fool out of me, before the people on the set. The picture was called 'His New Job'. It was a hard picture to make. He did everything, step on my face, hit me with a board on the head. It was a very rough work picture, but a very good one, and went over big. Well, Charlie took a liking to me, and I was to say right here, I owe all my success to Charlie Chaplin. I often wonder where I would be today, only for him, bringing me out West. Oh, I do thank him. Perhaps I would have been doing some more of those nickel shows." Turpin then describes how he traveled with Chaplin from Chicago to California: "...I started to work on the second picture, 'His Night Out', it was called. We went to Oakland for the exteriors. I never in my life saw such a big crowd watching us take pictures. When the director said, 'We'll all go to lunch', we went all to a cafe in Oakland. The crowd was so packed in front of the restaurant in front of the restaurant where we were eating, they very near broke the windows. All you heard was 'Charlie, Charlie Chaplin'. They had to get the police to clear the sidewalk. They all wanted to take a good look at my dear pal Charlie. As for me, I was unknown, nobody even looked at me. I sat at the table with some extra people and I said to myself, 'Oh, I wish I could become famous as Charlie Chaplin'. Everybody was laughing at him. He was the king of the day." Turpin continues his story, detailing how he joined the newly formed Vogue company, as a lead performer, and finally negotiated a contract with the Keystone Company for \$ 200.00 a week, with a \$ 30.00 raise every three months, and a two year contract. Turpin writes: "Oh, boy, I was a big actor now." Turpin ends his autobiography with the following paragraph: "...And now to end my story, I am still having the roaming disposition, and I do hope this is my last season, as the old age is creeping on me. I met Mr. Marco of Fanchon and Marco, and I signed up for thirty more weeks in the 'Slapstick Revue'. I think after this tour, with five shows a day, I'll be ready for some hospital."

Turpin's handwritten autobiography is accompanied by (1) typed 17-page manuscript of the handwritten material (with minor differences between the handwritten and typed copy) entitled "MY LIFE STORY" by Ben Turpin, (1) additional 37-page typed manuscript of Turpin's story (same content), entitled "THE COCKEYED TRUTH", (1) typed 67-page manuscript entitled "MY COCK-EYED PAST" by Ben Turpin, as told to Willis Gordon Brown with Turpin handwritten cover, detached but present: "My Cock-Eyed Past by Ben Turpin as told by Willis Gordon Brown".) It embellishes the stories that Turpin tells of his life, and is slightly more readable than the handwritten material, (1) page of handwritten biographical data, penned on the verso of a typed letter on Tom Conlon Corporation letterhead stationery, Beverly Hills, California, dated August 26, 1932, addressed to Turpin at his N. Canon Drive, Beverly Hills, California, address, which states in part: "We are enclosing herewith a blank for information desired of all featured players by the Motion Picture Producers Association. In checking the records recently, they discovered that they did not have your biography." Turpin writes out the requested information: "Copy mailed to Conlon Corp. Aug 12 - 1932 - Birthplace N.O. / Educated - N.Y.C. / Married - Babette Dietz / Children - none / Prev. exp. - Vaudeville / If stage exp, give outstanding roles = Comedy parts for 35 yrs. / Name of prod. = Starred at Mack Sennett Studio for 11 years / Essanay - Chgo 3 [years] / Vogue - L.A. 1 [year] / Father & Mother's name = Ernest & Sarah Turpin / Their prof. = (father) Confections (mother) non-prof. / Favorite Sports = Swimming & Golf / Height = 5 ft. 4 in = Weight 130' / Color eyes, Brown - Hair, Brown / Remarks = Did single act for R.K.O. 40 weeks / Pantages = 10 weeks...", (1) typed legal contract, 4-pages (8.5 x 13 in.), Los Angeles, California, February 25, 1930, being an agreement between Turpin and Frank G. Mollenhauer, of Elizabeth, New Jersey, who agrees to act as Turpin's Manager for motion pictures and vaudeville in Europe and all foreign countries (not in the U.S. or Canada). Boldly signed on page four by Turpin, as well as by Mollenhauer and various witnesses. (1) 2-page red ink typed address list including the home addresses of Charlie Chaplin, Gloria Swanson, Norma Shearer, Clark Gable, Buster Keaton, Harold Lloyd, William Powell (Carole Lombard), Groucho Marx, and dozens of other notables of the day, (5) Western Union telegrams dating from August 15th to November 4th 1928 from agent S. George Ullman to Turpin regarding live stage appearances and offers including a part in a Broadway production, and (1) handwritten telegram from Turpin to Ullman regarding a stage booking dated August 16, 1928, (2) Typed letters signed from Ullman to Turpin including 1-expressing his diligence in pursuing Turpin's stage and film interests and (1) regretfully ending his association with Turpin likely as a result of sound films causing a slump in Turpin's desirability, and (2) 8 x 10 in. photographs of Turpin, 1-is a youthful head & shoulders portrait of Turpin - eyes crossed - wearing a tie, jacket, and straw hat and 1-is a full-figure portrait of Turpin, sporting his signature moustache, wearing mis-matched clothes. A fantastic collection of materials relating to Turpin's personal life and career. Ranging from vintage good to very good condition. **\$6,000 - \$8,000**

625. WALT DISNEY HISTORICAL ARCHIVE OF (8) LETTERS RELATING TO THE MAKING OF *FANTASIA* AND OTHER DISNEY PROJECTS. (Walt Disney, 1938-1959) A rare and historical collection of correspondence between Walt Disney, Roy Disney, Stuart Buchanan (Disney casting director and voice actor) and music critic and composer Joseph Deems Taylor regarding "Deems" participation as the narrator in the groundbreaking Disney animated feature *Fantasia*. Joseph Deems Taylor was a famous figure in popularizing classical music for the masses. He became an entertainment personality himself appearing on many radio and TV shows. His knowledge of classical music and culture earned the admiration of Walt Disney and his associates, which lead to Disney coming to depend on Deems as a consultant and ultimately a musical collaborator on *Fantasia* as well as other projects. This collection of letters of correspondence between Walt and company and Deems highlights the warm relationship and mutual respect between these colleagues and also gives an insight into Walt's visionary plans for future innovations in animation and filmmaking. Collection includes:

1. 3-page typed letter dated December 16, 1938 from Stuart Buchanan to Deems on 1- 8.5 x 11 in. "Walt Disney's Snow White and the Seven Dwarfs" letterhead, 1-Silly Symphony stationery page, and 1- blank page. Highlighting concepts and methods to incorporate Deems' narration into the theatrical presentation of *Fantasia*, Stuart writes, in part: *We have hit upon a rather novel idea in presenting you. We are going to make a few experiments as to the practicability of the idea, but we believe it will work. We propose to have a separate projector which will cast a spotlight on the side of the proscenium opening of the screen and from projector will appear the shadow of Deem Taylor. The shadows can take various forms. For instance: in one spot we might have a spotlight appear perfectly white and suddenly the shadow runs in from the wings as if you were a little late for your cue with a small apology as to why you were late such as the service was a little bad around the corner, then you proceed with your narration....* Signed Stuart Buchanan

2. 3-page typed letter dated January 28, 1939 from Stuart Buchanan to Deems on 1- 8.5 x 11 in. "Walt Disney's Snow White and the Seven Dwarfs" letterhead, and 2-blank pages. Buchanan outlines a treatment for the segment of *Fantasia* set to Beethoven's "Pastorale". Buchanan writes, in part: *Most of us at the studio are quite enthusiastic about this treatment; a few people, however, have demurred, and Stokowski particularly has had misgivings...Walt maintains that it is our function to put new wine in old bottles and that we are perfectly within our rights in interpreting this symphony in our own way - that once the public is confronted with a "fait accompli," they will accept it.* Signed Stuart Buchanan

3. 1-page typed letter dated April 2, 1940 from Walt Disney to Deems on 7.25 x 10.5 in. "Walt Disney" stationery. Disney informs Deems that he'll be in New York and requests a meeting to discuss the completion of Deems part in *Fantasia*. Signed Walt

4. 1-page typed letter dated July 7, 1941 from Roy Disney to Deems on 8.5 x 11 in. "Fantasia" letterhead. Here Roy Disney discusses a lawsuit lodged against Disney Studios claiming "Someday My Prince Will Come" in which the plaintiff (Thorton Allen) claimed was an infringement on a property of his. In this letter, Roy Disney thanks Deems for his expert testimony. Roy

Disney writes, in part: *It is quite interesting. I wonder if the judge knew all he was talking about when he threw around those musical phrases of "harmonic structure," "melodic contour," "passing notes" and "appoggiaturi."* The judge seemed to be quite impressed with your testimony and quotes you in his opinion...Signed Roy

5. 1-page typed letter dated April 7, 1942 from Walt Disney to Deems on 7.25 x 10.5 in. "Walt Disney" stationery. Disney writes to Deems requesting that Deems sign a copy of his Treasury of Gilbert and Sullivan for Disney's daughter Diane. Signed Walt

6. 1-page typed letter dated July 23, 1942 from Walt Disney to Deems on 7.25 x 10.5 in. "Walt Disney" stationery. Walt Disney discusses the possibility of a feature length adaptation of *Alice in Wonderland*. Walt Disney writes, in part: *Regarding ALICE: I was hoping that we'd have a chance to sit down and discuss the situation personally. I haven't progressed far enough to feel sure of what sequences should be included in the picture. It's going to require a lot of work. What we have done so far should be discounted entirely. The one thing I feel certain should be done is that the music and story approach should have a wide and popular appeal. By this, I don't mean the tin-pan alley type of thing and neither am I thinking of night-club stuff, but instead the semi-classical or light opera treatment. I believe the thing that has kept the people from going for ALICE IN WONDERLAND has been the fact that it has always been put on a pedestal. It hasn't yet been treated in a way that lets the ordinary people get something out of it. Its potentialities are great but I definitely feel it should be made for the masses. It's up to you whether you want to have anything to do with it if we decide to produce it along these lines.* Signed Walt

7. 2-page typed letter dated May 19, 1943 from Walt Disney to Deems on 1- 7.25 x 10.5 in. "Walt Disney" stationery and 1- blank page. Disney discusses the possibility of making *Alice in Wonderland* after the war and box office returns for *Fantasia*. Walt Disney writes, in part: *Things are going on here at a great rate. ALICE, of necessity, is still on the shelf but I'm doing some things right now that will be incorporated into it when we finally do it. At present time, we are experimenting with a combination of live action and cartoon...all of us have been working very hard on our training films. They demand so much time and attention that we haven't been able to get our minds into fantasy...Reports from the field are that FANTASIA is very slow in returning its costs but that it holds up under repeat bookings. Who can tell- it might still turn out to be one of those pictures that will go on for years...My brother Roy, who is quite a pessimist, lately seems to be quite optimistic about its eventually coming out on top. Perhaps there is a place in the movies for the classics after all.* Signed Walt

8. 1-page typed letter dated August 6, 1959 from Walt Disney to Deems on 7.25 x 10.5 in. "Walt Disney" stationery. Walt Disney responds to a previous letter from Deems with an invitation for Deem's grandson Michael to visit the Disney studio and Disneyland and extends the same offer to Deems himself. Signed Walt

(Disney/Don Post Studios, 1978) One of only three known to exist. One of the rarest Disney or Post items ever. In 1978, twelve Masks were taken to Disneyland to be test marketed.

Three of these masks sold at the magic shop in Fantasyland. The third of these Mickey Mouse masks was purchased by a teenager, who quickly put it on and began posing for lewd pictures near the Matterhorn attraction! Disney Security quickly grabbed the kid and removed the mask, creating a small tear in it. When they asked where he had gotten the mask, he produced his receipt. With that, the test marketing was over. Disney ceased all production of the mask and ordered remaining masks and all molds destroyed. The consignor of this mask, a former Supervisor for Don Post, was given the mask confiscated from the teenager to hold onto in case of any future legal action. The mask offered here is that very same

mask; one of 12 licensed products made, one of only three actually sold, and the one removed from the boy who ruined the entire deal. Cast of flexible vinyl and hand painted with custom vinyl paint. She makes scandalous references to his new girlfriend ("[Jim] was taking a 6'2" lesbian whore whom he had met at that Les-Pan joint, PATSY'S, to Europe on the Queen Elizabeth"), paranoid comments about Communist conspiracies, and then, to top it off, quotes a Yeats poem. 828. *THE WIZARD OF OZ* VINTAGE ORIGINAL SCRIPT (MGM, 1939) Studio bound and bradded 102-page script in printed blue wrappers. Housed in a custom made archival box that fits into a Moroccan leather slipcase. With "Noel Langley, The Wizard of Oz, 1938" on the spine. Ultimately, the script of three credited writers (though another 15 writers contributed) would make up the final shooting script for this iconic film. Noel Langley, one of the three credited (along with Florence Ryerson and Edgar Allan Wolf) would deliver a 43-page treatment on April 5th, 1938, and on May 4th deliver this temporary complete draft, which constitutes his first fully-scripted version of the story. Langley would also be credited with adaptation from the L. Frank Baum book. Though the final script, which started shooting in Oct. 1938, would go through a good dozen revisions, Langley already had in place at this time many of the song cues (working with song writers Harold Arlen and E.Y. Harburg) for some of the most iconic moments that appear in the final film. This includes the classic moment when Dorothy enters "Munchkinland" (with the film changing from black-and-white to color) and utters the line "I've got a feeling we're not in Kansas anymore." (Page 23). However, at this point the costumers had not made their choice of ruby slippers and on page 27 we have a close-up of the silver shoes. In this draft, Langley points to some romantic relationship between Dorothy and the farmhand Hunk, and on page 6 refers to Ray Bolger as the actor playing the role. Many characters such as Lizzie, Walter and Sylvia are referred to. Most interesting is the opening title sequence, which starts with the original book opening, an illustration with title "Judy Garland as Dorothy" (she had been cast in Feb. 1938) and Garland heard singing under the title, the first bars of her "Kansas Song" (which became "Over the Rainbow"). A fascinating study in the early development of this classic. The library lending slip is set on the first page. The first 4 pages have a slight crease in the left center. One tiny chip to the front cover. Minor crease at bottom right corner cover and first 5 pages. Overall vintage very fine condition, likely the finest condition ever seen of any draft that has been on the market. It is also possibly the earliest full draft for the film that has ever been on the market. In vintage fine condition. \$16,000 - \$20,000

So visually important is this scene that MGM chose the image of this sequence for one of their eight promotional lobby cards. This vintage hand pump exterminator sprayer is constructed of steel and wood measuring 32.5 in. long x 8.25 in. wide. Painted gray with red trim and hand lettered "WITCH REMOVER" along both sides of the cylinder. Exhibits usual production wear with general paint loss and scuffing. The Oscar that defeated Orson Welles' *Citizen Kane* – the greatest upset in Oscar history!

836. OSCAR FOR OUTSTANDING MOTION PICTURE PRESENTED TO PRODUCER DARRYL F. ZANUCK FOR *HOW GREEN WAS MY VALLEY*. (TCF, 1941) Historical "Outstanding Motion Picture" Academy Award trophy presented to producer Darryl F. Zanuck for the Twentieth Century-Fox production of *How Green Was My Valley*. The powerful period drama, directed by John Ford and based on a novel by Richard Llewellyn, chronicled the plight of Welsh coal miners in the South Wales Valley. The film pulled off what has come to be regarded as one of the biggest upsets in Oscar history when it beat out Orson Welles' *Citizen Kane* for Outstanding Motion Picture honors. Considered a classic in and of itself, most of the enduring appeal of the film is attributed to its casting and the masterful direction of John Ford, who replaced William Wyler after Fox moved production from Wales to California citing concerns with European shooting after the outbreak of World War II. For his part, Zanuck had a profound influence on the ultimate film, coming up with the idea of the character "Huw's" voice over narration, an innovation at the time, and deciding that the character should not age - Tyrone Power was originally slated to play the adult counterpart to Roddy McDowall's young Huw in later sequences of the film. This male statuette stands 12 in. tall with the cast metal, gold-plated figure measuring 3.5 in. wide by 10.25 in. tall. The beveled black base is 5.5 in. round at the bottom, tapered to 4 in. where the base attaches to the film reel that forms the integral foot of the metal statue. Sculptor George Stanley (who also fashioned the famous Muse Fountain at the Hollywood Bowl) sculpted Cedric Gibbons' original design in clay and Sachin Smith cast the statuette in 92.5 percent tin and 7.5 percent copper and then gold-plated it. The original Oscar mold was cast in 1928 at the C.W. Shumway & Sons Foundry in Batavia, Illinois. Since 1983, Oscars are fabricated each year in Chicago by Illinois manufacturer R.S. Owens & Company. A 1.25 x 1 in. cast metal plaque reads "Academy First Award to Twentieth Century-Fox Film Corporation for the Production of 'How Green Was My Valley'" and is affixed to the front of the base. This particular instantly recognizable example of the world famous trophy represents one of the most controversial award decisions in the history of the Academy of Motion Picture Arts and Sciences. One of an extreme few Oscars ever made available to the public. Overall in vintage fine condition. **\$150,000 - \$250,000**

897. OLYMPIA TYPEWRITER USED BY JOSEPH STEFANO TO WRITE THE *PSYCHO* SCREENPLAY.

If all classic films begin with a great screenplay, and if Hitchcock's *Psycho* is considered one of the greatest horror films of all time, then this typewriter must be one of the most important artifacts in film history. It was with this typewriter that celebrated screenwriter Joseph Stefano wrote the horror classic. Adapted from Robert Bloch's novel based on the horrific crimes of Ed Gein. Stefano, alongside Hitchcock, always an uncredited close collaborator on the screenplays for his films, would have hovered over this typewriter as they crafted their groundbreaking script. While preserving many of Bloch's story elements, Stefano set about changing the narrative in many significant ways that are today considered some of the most potent parts of the film. For example, when Hitchcock suggested casting Anthony Perkins as "Norman Bates", Stefano transformed Bloch's character from an overweight, alcoholic pornography-addict to a much more sympathetic figure, making the concealment of Bates' relationship to "Mother" more easily misdirected. The film was nominated for an Academy Award and selected for preservation in the National Film registry in 1992. After *Psycho*, Stefano went on to write twelve early episodes for the cult science fiction television show *The Outer Limits*, also written on this typewriter. The olive green Olympia brand De Luxe model typewriter measures 12.5 x 16 x 7.5 in., is fully functional, and includes its stock vinyl Olympia brand cover. (Paramount, 1953) Accomplished in oil on artists' board with 14.25 x 16.25 in. visible through wooden mat by the groundbreaking painter, designer, and illustrator Chesley Bonestell. Considered the "Father of Modern Space Art", Bonestell defined the very look of Sci-Fi design in the era with his distinctive visual art and work on films such as *Destination Moon*, *When Worlds Collide*, and *Conquest of Space*. In addition, Bonestell worked as a matte painter, creating impressive settings for classics like *Citizen Kane* and *The Hunchback of Notre Dame*. The War Machine in the Bonestell's chilling alien invasion scene is loosely based on George Pal's own early concept, and features an early attempt at the rotating "goose-neck" that later became the iconic "cobra-head" design made famous by the film. The painting also features two early concepts of what a Martian might look like prior to the much-later concept of a lobster-red, spindly creature with a three-lensed single eye. Bonestell's concept was, obviously, much more anthropomorphic. The painting is also interesting from the standpoint that the artist took a stab at creature design, which he was not at all known to do in his long and illustrious career. Signed and titled by the artist in pencil at bottom right, "Chesley Bonestell - War of the Worlds". This is one of only two pieces of original art that are known to have survived from this landmark film as all others were destroyed in a 1961 Bel Air fire at George Pal's home. Wade Williams

The following (14) items come from the celebrated Wade Williams collection. Since boyhood, when a young Williams first discovered the magic of 50s Sci-Fi films, he knew he'd found his life's passion. From the time he bought his first movie projector to the time he became a force in acquiring fading futuristic classics, Williams has been a leading figure in the preservation and sharing of the stuff from his childhood and the rich legacy that Sci-Fi motion pictures are made of. Williams has acquired the rights to well-known and obscure movie properties alike, for nearly half a century. His love of film has lead him to produce original movies and TV shows as well as being regarded as an expert in historical programs and documentaries. His ownership of *Plan 9 from Outer Space* revived interest in the life and work of notorious B-movie director Ed Wood, which in turn impacted Tim Burton's biopic, which won 2 Oscars.

MARILYN MONROE'S 1955 GRAND ENTRANCE AT MADISON SQUARE GARDEN

1106. MARILYN MONROE SHOWGIRL COSTUME WORN AT A 1955 MADISON SQUARE GARDEN CHARITY BENEFIT. (1955) On March 30, 1955 at a Madison Square Garden charity event put on by Ringling Brothers and Barnum & Bailey Circus to benefit the Arthritis and Rheumatism Foundation, Marilyn wore this spectacular showgirl costume constructed of ivory taffeta with black velvet ribbon stripes applied to a 1-piece zippered back closure bodice with bikini-cut bottom, ornamented with rhinestones, teardrop pearls, faux diamonds and sequins. Padded black velvet trim and piping to edges and sequined nude chiffon above the bust line. Two fabric loops attach in the back of the costume to form a large bow trailing 29 in. trains and pleated crepe streamers. Plumes of blonde ostrich feathers flank the oversize bow at the back of the costume to cover the bodice closure. Myriad round .5 in. mirror sequins are strategically placed throughout the costume (even on ostrich feathers) to take advantage of the Madison Square Garden's spotlights to make the star glimmer. It was in the staging area behind the arena where they prepared the animals, clowns and other acts, that Monroe, wearing this costume, climbed aboard a pink elephant (her own idea to paint the pachyderm pink!). Monroe and Milton Greene also planned to that night announce the formation of Marilyn Monroe Productions. Together she and Greene thought of this event as her reappearance on the grand stage after her much publicized divorce from Joe DiMaggio. She intended to make a big entrance – and succeeded! Exhibiting minor fading, some fraying to seams, spot staining, tearing to some crepe edges, missing sequins and beads, and light soiling to feathers. Unrestored, in vintage very good condition. *Provenance:* this costume was acquired by the consignor directly from Joshua Greene, son of Milton H. Greene, vice president of Marilyn Monroe Productions, who attended the event at Madison Square Garden. **\$250,000 - \$350,000**

1125. BILL MACK PORTRAIT PAINTING OF MARILYN MONROE ON A FRAGMENT OF THE ORIGINAL HOLLYWOOD SIGN. (ca. 2000s) The amalgam of two icons that changed not only the world of popular entertainment, but charted a course for culture in the 20th century. For this extraordinarily unique piece, world renowned artist Bill Mack used as his canvas metal facing from the original 1923 “Hollywood” sign. The panel was restored to carefully preserve the patina resulting from decades of exposure to the elements, including paint fade, rust and other defects. The artist underpainted the image in acrylic and finished it in oil. When completed, the paint was aged with an oil base toner and preserved with a clear urethane. The striking “Diamonds are a Girl’s Best Friend”-inspired likeness vividly captures the sultry vivacity that Marilyn brought to her films. The painting is mounted on a rigid backing accentuating the original holes drilled in the metal created to relieve pressure from the wind. Artwork measures 24 x 30 in. (outer frame dimensions are 37.5 x 43.5 in.). A remarkable piece of art created from one of the most recognized monuments of the 20th century. Similar Bill Mack Hollywood sign paintings routinely sell in the \$50,000 range, with larger examples realizing in excess of \$100,000. Mack is celebrated for his depictions of Marilyn, and this is a particularly striking example. **\$4,500 – \$6,500**

He asked whether I would arrange a reading of it. He brought me a script, we went through some ideas about casting and I brought together a group of actors together. The reading took place in one of my conference rooms, in San Francisco in late August 1975... When George packed up the scripts to take them home, I asked if I could keep mine. He agreed, but I was not to let anyone else read it. I kept that promise. 'My' copy has been in my office ever since." **1220. ORIGINAL SCREEN USED HERO E-11 STORMTROOPER
BLASTER FROM *STAR WARS: EPISODE IV - A NEW HOPE*. (TCF, 1977)**

The E-11 blaster is the standard weapon of the Imperial Stormtroopers due to its compact design and formidable firepower. This screen used blaster is one of the “live” weapons used during the filming of *Star Wars*. Bapty & Co., the legendary British movie weapon makers/suppliers, based this weapon on a British Sterling submachine gun which was dressed for the studio. Loaded with blank ammunition during filming, it produced realistic smoke and recoil effects when fired, making the actors look as though they were actually firing laser bolts. Following the weapon’s use in *Star Wars*, Bapty removed the studio dressing t-shaped polymer “vent fins” spanning the length of the barrel as well as the scope and scope rail. A vintage replacement scope was fitted with a replicated rail and vent fins returning the weapon to its screen appearance. Measures 19.5 in. long. Comes with the original deactivation certificate issued to Bapty when the weapon was rendered non-firing. A rare piece of original *Star Wars* screen used weaponry. **\$20,000 - \$30,000**

1221. ORIGINAL SCREEN USED X-WING FIGHTER MINIATURE FROM *STAR WARS: EPISODE IV – A NEW HOPE*. (TCF, 1977) This filming miniature comes directly from the collection of Grant McCune, Chief Model Maker on the Miniature and Optical Effects Unit on *Star Wars*, who won, with his team, an Academy Award for Best Visual Effects on the film. Measuring 22 in. long x 18 in. wide, the craft is constructed of resin, polystyrene and brass, painted to detail with red accents and intentional battle distress. During the climactic Rebel assault on the Death Star, the production crew needed to build pyrotechnic filming miniatures for the numerous explosions needed for both X-Wing and Y-Wing craft as they were being picked off by the Imperial T.I.E. Fighters and laser cannons interspersed throughout the trench. At the time these sequences were being shot, the crew quickly realized they needed to create more ships as editorial kept requesting more explosions. Due to the extreme time constraints, when a model was blown up, surviving components were reused to create additional craft. Following *Star Wars*, McCune's shop assembled this X-Wing from surviving screen used X-Wings (ca. 1980) and detailed it for display in the waiting room of Apogee, Inc., the visual effects company formed by John Dykstra, Grant McCune and other former ILM employees. This X-Wing remained as the centerpiece of the shop following McCune taking possession of the property in 1992, doing business as Grant McCune Design, on through 2016 when the company ceased operations at their Van Nuys facility. Housed in its original custom-made acrylic display case. The cockpit glass, added for display effect, has a slight crack. Otherwise, in very fine vintage condition. An incredibly iconic *Star Wars* relic direct from the collection of its Chief Model Maker.

Provenance: The collection of Grant McCune.

STAR TREK II “WRATH OF KHAN” COMMUNICATOR

by Peter Frank

The Star Trek franchises, TV show and cinema alike, were (and remain) notable for their attention to technical detail. Ushering in as they did an increasingly sophisticated era of speculative fiction – one in which the cheesy special effects of prewar serials simply could not cut it – the iconic television series and movies embodied a post-Sputnik aesthetic in which futuristic technology, no matter how fantastical, had a logic to it. Such technology was shown operating in context, functioning in the framework both of story lines and of advanced physics. It reflected the increasingly steep arch of complexity that had opened up in the wake of the atom bomb and the transistor. “Beam me up, Scottie!” became a touchstone phrase in American (and by extension worldwide) popular culture in great part because the concept of instantaneous physical, and physiological, transport – like interstellar travel, time travel, and other improbable but not inconceivable leaps across time and space – had already been proposed by science and science fiction alike. With Einstein and Asimov as its grandfathers, the atomic age didn’t simply split the atom, it rode it.

One of the more charming devices put in the hands of the USS Enterprise crew – specifically its Admiral, James T. Kirk – the “Wrath of Khan Communicator” has a compact elegance to it, especially with its reflective chrome luster and its exterior and interior grilles comprising so many small round holes. The Communicator anticipates today’s cellphones (especially the flip-open kind) in its squared-off, hand-friendly size and shape. A couple of dials dominate its working interior, however, making it more of a throwback to analog communication – control panels, timing mechanisms, even wind-up toys – than to the screen-dominated “communicators” of our own early-digital age. Such a gentle anachronism is to be expected: even though speculative fiction of the last half century has been at least somewhat able to anticipate computerization and miniaturization, it always betrays, visually and functionally, something of the decade of its generation. The Communicator thus seems a plaything of the period between the push-button ‘60s and the personal-computer ‘90s – as befits a movie released in 1982.

The Communicator has its origins, however, in a very 1960s device. When John Zabrukky of Modern Props – one of Hollywood’s premier prop-design companies – was approached to “invent” a Communicator for *Star Trek II*, the artist and collector of pop-culture objects turned to a valued and symbolically potent possession: a walkie-talkie employed by American troops serving in Vietnam. Zabrukky came of age during that conflict, was subject to the draft (which he narrowly avoided), participated in protests (he witnessed the National Guard shootings at Kent State in 1970) and to this day remains fervent in his anti-war sentiments. He viewed the commission as a chance to re-think the walkie talkie, to turn it into not just a tool for waging peace, but a kind of talisman embodying the lofty humanist principles of the United Federation of Planets. In his hands the ‘60s-era squawk box bristling with little dials and an obtrusive antenna was transformed into something as sleek and intimate as a make-up case but still businesslike and efficient-seeming. It was clearly not a weapon, but neither was it a link to a menacing spirit. The Communicator was the extension of a man and a system dedicated to the preservation of life in all its forms.

Peter Frank is an art critic and curator in Los Angeles. He is Associate Editor of *Fabrik* magazine and former Senior Curator at the Riverside Art Museum.

The Beatles Yesterday And Today

1666. BEATLES YESTERDAY AND TODAY 1ST STATE "BUTCHER COVER" STEREO LP WITH LOA FROM PERRY COX. (1966) A prime example of the extremely rare First State Butcher cover version of The Beatles LP "Yesterday and Today" (Capitol ST-2553). In 1966, 75,000 copies of this album were printed, pressed and sent to distributors with the image of the "Fab Four" dressed in smocks and covered with meat and doll parts. Whether or not it was a Vietnam protest or a protest against Capitol "butchering" their records, the fact is that it became the official album cover and when first seen by DJs and record stores, there was an immediate and negative reaction to its graphic nature. Capitol recalled all the offensive albums and, in many cases, glued what's generally called the "Trunk Cover" over it (known as a "second state"). Very few of the albums with the original cover survived. In 1966, stereo had yet to take over the marketplace and were sold at a higher retail price; it has been estimated only 1 in 10 of these rare "first state" albums are the stereo version. The excessive rarity of these albums resulted in one mint condition example recently selling at auction for \$125,000. Foremost Beatles expert author of numerous Beatles Price Guides, Perry Cox, describes the condition of this album as, "The back and edges have some light aging and very light soiling. The spine has all the print. Bottom seam is fine with the exception of the far right corner, which has a tiny split. Top seam is fine. The front slick is in great shape with only some very light high point wear in limited areas. Back cover has some aging and light soiling and a red pen check mark at the lower right. The record labels are near mint and the vinyl is VG+." **\$20,000 - \$30,000**
